

## AFA Certified Journeyman Farrier BAR SHOE SCORE SHEET

Name \_\_\_\_\_ AFA # \_\_\_\_\_ Date \_\_\_\_\_

Address \_\_\_\_\_ DOB \_\_\_\_\_

City \_\_\_\_\_ State \_\_\_\_\_ Zip \_\_\_\_\_

Phone \_\_\_\_\_ Tester \_\_\_\_\_ AFA# \_\_\_\_\_

- A candidate for AFA Certified Journeyman Farrier Certification will forge and fire weld a straight bar shoe from appropriate bar stock. The shoe shall be forged to fit a pattern or foot provided by the Examiner. The shoe is to be fullered through the nail hole area.
- The time allowed for the forging and fitting of the bar shoe is thirty-five (35) minutes.
- The weld on the shoe will be judge **Yes** or **No** with a yes weld being required. A **Yes** weld is one judge to be good enough to hold up under normal use.
- A shoe with a **Yes** weld will be judged from the *AFA Certification Guide*
- Minimum passing score will be 70%.

**Weld**                      **YES**                      **NO**                      (Circle either Yes or No)

**\*Proceed with scoring below only if weld is acceptable\***

<b>Shoe Quality</b>
